The free ACCUPLACER study app features official practice tests in each subject that you can take on your computer, smartphone, or tablet. The format is just like the real ACCUPLACER tests, and you'll get immediate feedback with answer explanations for both correct and incorrect answers.

Practice for ACCUPLACER - ACCUPLACER | College Board

In California, students can graduate from high school with just two years of math, including a single college-preparatory course, Algebra 1. But if they don't also complete Geometry and Algebra 2 (or, with the introduction of the Common Core state standards, an integrated pattern of courses covering the same material), students aren't eligible to attend either of the state's public university systems.

Math placement tests deserve more scrutiny | EdSource

The California Mathematics Placement Act, sponsored by Sen. Holly Mitchell, D-Los Angeles, will formalize that 9th grade placement process by requiring districts and charter schools to establish a "fair, objective, and transparent" policy for placing incoming 9th-graders in math courses.

Districts must ensure equity in rules for accelerating ...

Students who begin Algebra 1 before 9th grade must earn a minimum score 80% on the High School Readiness Test, and earn a minimum score of 80% on the Geometry Readiness test (or other CWCS-approved Algebra proficiency exam) upon completion of Algebra 1

Math Placement Policy for Middle School and High School

Last year, the California Legislature passed a new law—the California Mathematics Placement Act—to address widespread concern over equity in the math placement process. The law is aimed at improving the measurement of student performance in order to move more students successfully through the high school curriculum. In this context, we surveyed California's school districts during the ...
