ScienceDaily: Your source for the latest research news
Reviewed By: Science Troll (Eagle Point, OR) I bought this to save time with hunting for the 5 minute "daily warm-up" activity. This is a great tool although a bit long for 6th graders and therefore time consuming. I would like to have them a bit shorter. Another thing I wish it would do is have the ability to save a single page in the electronic lesson planner.

Daily Science is designed to help students review science knowledge as well as improve their thinking skills. Books for each grade level (grades 1-8) are designed as supplements rather than primary sources for learning. They assume basic science course content has been or is being covered by some other means.
