Amazon.com: Exodus (The Exodus Trilogy Book 1) eBook
Like so many stories these days, Exodus is part of a trilogy. Although still nominally democratic, personal freedom has been almost entirely sacrificed to military and economic interests. But this is simply the stage for the book's real plot - securing an escape route to another solar system for a small group to avoid the consequences of a late-detected asteroid strike.

Exodus Trilogy by Andreas Christensen - Goodreads
This is the complete omnibus edition of the Exodus Trilogy, which has captivated readers all over the world. When an object from space threatens, it becomes clear that humanity needs to reach for the stars in order to survive.

The Complete Exodus Trilogy by Andreas Christensen ...
A final chapter in the Exodus Trilogy, this book includes war, cuddly Aurora creatures, humans from other planets light-years away, reunification of the colony, pregnancy. An exciting read, but the final outcome of where humanity came from is not consistent with my views favoring evolution. Nevertheless, I enjoyed the novel.

Genesis (Exodus Trilogy, #3) by Andreas Christensen
Exodus by Andreas Christensen is what some might term a 'hard' science fiction read. Devoid of dramatics, the story is established swiftly, proceeds without faltering, and wraps up with an ending clearly meant to make the reader want to continue with the second book.

Amazon.com: Customer reviews: Exodus (The Exodus Trilogy ...
Exodus Trilogy describes what could happen to mankind if forced to flee Earth because of a cataclysmic event. For some, it brings out the best, the desire to begin again. For others, there is a desire to keep the old.

The Complete Exodus Trilogy (The Exodus Trilogy) Kindle ...
This is the start of a series: "The Earthborn Trilogy Book 1." The basic story is classic sci/fi: an alien invasion (from space -- not Mexico!), a no-holds-barred war, and an exodus from earth by three human survivors aided by a friendly alien.

This is the complete omnibus edition of the Exodus Trilogy, which has captivated readers all over the world. When an object threaten human civilization it becomes clear that we need to venture to the stars. With just a few years warning, this will be a race against time, and only a small number of colonists can be saved.

Exodus Trilogy: The complete omnibus edition by Andreas ...
Most Helpful Customer Reviews: Exodus was a pretty good story that has a few interesting characters. The story is simple and the author doesn't try to overwhelm his readers with a bunch of techno babble. David Weber fans probably won't enjoy it that much, but thanks to its relatively short length,...

The Last Exodus: The Earthborn Trilogy, Book 1 by Paul ...
I liked this book, hence the 3 stars, this book concerned the start of the Exodus Project and getting the people selected who would be picked for space travel, it also showed what happened to the people who did not get selected, the journey and the first people to land on the planet and there it stopped, if I am honest it was a slow start for ...
