### How Regimes shape Prosperity, Welfare and Peace

Democracy is usually associated with elected officials making policies, which public servants then implement. The public servants are answerable to the elected politicians who, in turn, are accountable to the voting public. However, the rise of markets and networks has disrupted these lines of accountability.

Abstract: Does democratic governance expand wealth and prosperity? There is no consensus about this issue despite the fact that for more than half a century, rival theories about the regime-growth relationship have been repeatedly tested against the

### (PDF) Making Democratic-Governance Work: The Consequences ...

In the case of South, Southeast, and East Asian states, governance as practiced has been top-down in policy making and implementation. The states in Southeast and East Asia are referred to as developmental states because of the key role the state has played in the social life and economic development in these countries.

### Introduction: Governance in South, Southeast, and East ...

Does democratic governance expand wealth and prosperity? There is no consensus about this issue despite the fact that for more than half a century, rival theories about the regime-growth relationship have been repeatedly tested against the empirical evidence, using a variety of cases, models and techniques. To consider the issues, Part I of this paper reviews and summarizes theories why ...
